INTERNATIONAL
CODE
OF NOMENCLATURE OF
BACTERIA

Edited by S.P. Lapage, P.H.A. Sneath, E.F. Lessel,
V.B.D. Skerman, H.P.R. Seeliger, and W.A. Clark

THE 1975 INTERNATIONAL CODE will be an essential reference work for all bacteriologists, representing as it does a landmark in the naming of bacteria.

New requirements for the valid publication of names come into force with the publication of this Code. It gives a glimpse into the future of nomenclature, and outlines the rules under which it is proposed that bacteriological nomenclature will be based on a sound and scientific footing. All scientists interested in the radical solution to the problem of disused names will find the Code indispensable.

Published by **ASM** for the
International Association of Microbiological Societies

Publication: EARLY SUMMER 1975

152 pages, \$5.00
