Applied and Environmental Microbiology (ISSN 0099-2240), a publication of the American Society for Microbiology, 1913 I St., NW, Washington, DC 20006, is devoted to the advancement and dissemination of applied knowledge as well as ecological knowledge, both applied and fundamental, concerning microorganisms. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Publications Office. *Applied and Environmental Microbiology* is published monthly, two volumes per year. The nonmember subscription price is \$145 per year; single copies are \$14. The member subscription price is \$29 (foreign, \$36 [surface rate]) per year; single copies are \$7. Correspondence relating to subscriptions, nonreceipt of journals, reprints, defective copies, availability of back issues, and lost or late proofs, should be directed to the ASM Publications Office, 1913 I St., NW, Washington, DC 20006 (area 202-833-9680).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20006, and at additional mailing offices.

POSTMASTER: Send address changes to *Applied and Environmental Microbiology*, ASM, 1913 I St., NW, Washington, DC 20006.

Professional Recognition Through Certification at the Baccalaureate Level

- **National Registry of Microbiologists**

Certification for qualified microbiologists by written examination

- **Conditional Registration**

Pregraduation seniors in final term of course work who meet all academic requirements

- **Three New Certification Areas**

Each encompasses a specific work area:

Clinical and Public Health Microbiology
Research and Developmental
Microbiology Consumer Products
and Quality Assurance Microbiology

An enlightening discussion of

HOST-PARASITE INTERACTIONS IN PERIODONTAL DISEASES

EDITORS: Robert J. Genco and Stephan E. Mergenhagen

The papers in this book were first presented at a symposium held in Buffalo, New York, in May 1981. They are divided into six sections:

- I. Etiology and Microbial Specificity
- II. Colonization by Periodontopathic Organisms
- III. Pathogenic and Virulence Factors in Periodontal Diseases
- IV. Cellular Aspects of Host Responses
- V. Effector Systems—Specific and Nonspecific
- VI. Clinical Implications of Host-Parasite Interactions

ORDERING INFORMATION:

Publication date: January
1982. 414 pages. Clothbound.
Author and subject indexes.
ISBN: 0-914826-37-9. \$27.00
Price subject to change
without notice.

Order from the publisher:

The logo for the American Society for Microbiology, consisting of the letters 'ASM' in a bold, stylized, sans-serif font.
