

## 2018 *Ad Hoc* Reviewers

Harold L. Drake,<sup>a</sup> Editor in Chief, *Applied and Environmental Microbiology*

<sup>a</sup>Department of Ecological Microbiology, University of Bayreuth, Bayreuth, Germany

Maintaining the high quality of manuscripts published in AEM would not be possible without the efforts of our reviewers. Perceptive reviews are essential to AEM editors as we strive to evaluate and improve submitted work. We are indebted to the members of our editorial board and would like to also publicly acknowledge the outstanding work of the many *ad hoc* reviewers with whom we have worked in the past year.
